

PKU Go 30 x sachets

Home Delivery
Available Now

PKU Go is an amino acid formula with carbohydrate, vitamins, minerals and trace elements without phenylalanine

- Unflavoured formulation recommended for children with PKU between the ages of 6 months and 10 years.
- Improved amino acid flavour developed with a special coating technique
- Each sachet contains 10g of protein in 20g powder
- Available in packs of 30 sachets with a maximum dispensing quantity of 5 per script

Dosage instructions:

PKU Go can be taken either as a gruel or liquid drink.

Preparation as a gruel:

- Empty a sachet into a beaker. Add approximately 20 mL of cold water.
- Shake for 10 seconds

Leave to stand for 2 minutes – hereafter ready to be taken.

Preparation as a liquid drink:

- Empty a sachet into a beaker. Add approximately 100 mL of cold water.
- Shake for 10 seconds

Ready for drinking

PKU Go is recommended to be used immediately after mixing.
Mixed PKU Go should be refrigerated and used within 24 hours.
