

A Food for Special Medical Purposes

HCU Easy Tablets

HCU Easy Tablets are a methionine free protein substitute tablet containing essential and non essential amino acids.

HCU Easy Tablets are suitable to be used in the dietary management of patients with HCU (homocystinuria) aged 3 years and above.

Dosage HCU Easy Tablets

Dosage to be determined by the clinician or dietitian and is dependent on the age, body weight and medical condition of the patient.

HCU Easy Tablets are coated (slow release) tablets which are to be swallowed with liquid.

11 tablets = 10 gram of protein.
